

Chinyere Don-Okhuofu

MD, Payment Processing & Switching (Interswitch Purepay)

Chinyere joined Interswitch with over 16 years of experience in the banking industry, having built a strong career across financial control, branch management, regional business leadership, and retail banking strategy.

In January 2012, she brought this extensive experience to Interswitch, joining the organization as Chief ATM and Devices Officer. In this role, she played a pivotal part in shaping and strengthening the company's devices and electronic payments ecosystem. Her leadership, industry insight, and results-driven approach led to her appointment as Divisional CEO, Industry Vertical Markets, in April 2014, where she continued to drive growth, innovation, and strategic partnerships across key market segments.

Chinyere is a qualified Chartered Accountant and has invested significantly in her executive education. She is an alumnus of Lagos Business School and the London Business School, reflecting her commitment to continuous learning and the application of global best practices in leadership, strategy, and business management.
