

# Peter Kawumi

MD, Interswitch East Africa

Peter Kawumi's career spans over a dozen years with roles in technology, business analysis, and retail banking. He has extensive experience in developing and commercializing products, customer acquisition, digital channel utilization, and scaling plans in consumer services.

In his current role as the Managing Director of Interswitch East Africa, Peter is championing the use of technology to deliver responsive and responsible financial services to varied market segments including youth, women, and small businesses across East Africa.

A Microsoft Certified Systems Engineer (MCSE), Peter holds a BSc (Hons) in Software Engineering from Kingston University and a Master of Business Administration (with distinction) from the Edinburgh Business School.

Peter serves on the Boards of New Vision Group (non-executive Director), The Leadership Team (non-executive Director), and the Fintech Association of Uganda (Board Chairman).
